# Jaidah Electrical Division

# Introduction Letter

# Introduction

Established in 1898 and passed down generations of the Jaidah family with the aim of serving you, the customer, and the state of Qatar at large, Jaidah Group has been a recognised force of trade for over 100 years. Dealing initially within the bare necessities like food, imported from exotic destinations such as Iran and India, Jaidah Group has blossomed, expanded and conquered countless market sectors since. Jaidah Motors and Trading Company (JMTC), created by Mr Jassim Jaidah over half a century ago, has forged withstanding relationships with major international manufacturers. JMTC continues to provide the highest quality products and services to Qatar's demanding market. Jaidah Group prides itself on overcoming Qatar's most challenging obstacle within the context of development and growth: Conserving tradition whilst embracing the best of modernity and change.

Embodying a perfect harmony of these concepts, Jaidah Group provides world-class quality and professionalism, embedded within grass roots family business values.

In effect, the group guarantees honesty, integrity and mutual trust at the core of all business relationships with a commitment to building intimate bonds, emphasising the importance of you, the customer.

The Group now boasts an array of divisions that function synonymously under the aforementioned qualities including its locally renowned automotive sector, heavy equipment, technology, energy, industrial supply and furniture sectors.

# Introduction

Jaidah Electrical continues a two decade legacy of Jaidah divisions in its valuable contribution to the thriving and highly demanding Qatari commercial sector, and its unrivalled track record and experience in providing the country's needs with its wide range of products, including light bulbs, LED systems, wiring accessories, internationally branded LV switchgears and components, armored cables and cable management systems. Over and above these capabilities, Jaidah Electrical provides this sector even greater synergy and added value in establishing services and systems to accommodate structured cabling, security, home automation and bus-ducts systems.

We are the approved suppliers & representatives of the following:

- 
- Distribution boards
  - Sub-main boards
  - Circuit breakers (ACB, MCCB, MCB, ELCB)
  - Metal isolators (switch-disconnectors)
  - Enclosed safety switches
  - Overload relays
  - Contactors
  - Motor starters
  - Electronic timers and transformers

## LV Panel Workshop Assembly

---

- Main low voltage panels up to 2500A (LV panels)
- Motor Control Center Panels (MCC)
- Automatic transfer switch up to 2500A by programmable controllers
- Manual transfer switch up to 1000A
- Synchronization panels up to 2500A
- Feeder pillars
- Lighting control panels
- Special sub main up to 28 ways and up to 1250A
- Special DB's up to 28 ways
- Metering kit panels up to 630A

- Wiring accessories
- Industrial plugs/sockets
- Audio and video intercom
- Digital intercom
- Home automation systems
- Detectors, timers, terminal blocks, fuses, etc.
- Farash call panel system (hotels, schools, etc.)

- PVC conduits with accessories
- Wiring accessories
- PVC isolators and ceiling roses
- Home automation systems
- Lighting control system
- GI steel boxes
- Under floor and raised floor boxes
- Data products (patch panels, cords and cable)

- Standard lamps
- Special application and energy saving lamps
- LED Systems (Osram and Traxon)
- Electronic ballasts
- Light fittings (Siteco)

## **LS** Industrial Systems

- Distribution boards
- Sub-main boards
- Circuit breakers (ACB, MCCB, MCB, ELCB)
- Overload relays
- Contactors
- Motor starters

Specialized in Explosion Proof manufactured products for EX-PROOF Hazardous Areas, (Zones 1,2) for increased safety and flame proof applications:

- Light fittings
- Junction boxes
- Control stations
- Cable glands
- Sockets and plugs

# D O H A CABLES

Specialized in designing, producing and distribution of cables :

- Low Voltage Power Cables: 1KV Up To 1000mm<sup>2</sup>
- Medium Voltage Cables: (11KV, 33KV)
- Special Cables: Telecom cables, Instrumentation cables, Control cables, Fire alarm cables, Fire resistance cables, Flexible wires, Pilot cables, Magnet wires, etc.

- Industrial and explosion proof motors
- Variable speed drives
- Alternators

Providing Telecommunication services to Huawei and Ooredoo for the installation of Fiber to the home (FTTH), infrastructure Block wiring, outside plant (OSP) Fiber optic installation.

# Systems

- **Qatar Projects for Security and Commercial Services LLC** design, supply, installation, testing, commissioning and maintenance for CCTV and security systems in governmental, residential and commercial buildings under approval of Ministry of Interior (Security Systems Department)
- Structured cabling systems  
Design, supply, installation, testing, commissioning
- Home, building automation and lighting control system

- Bus Duct Systems

- Cable Trunking
- Steel Conduit system
- Cable Trays
- Cable Ladders
- UPVC Conduits
